

### Green Beauty from A to Z

**Lush** is your one-stop shop for all your natural beauty products. This all-encompassing cosmetic company offers everything from fragrances to shampoos and shaving creams to massage bars. These products are heavy on the organics and light on the wallet, as most products are under \$25. This cosmetic company takes going green two steps further. Not only are their products organic and vegan, but all products are handmade and 70% of products can be purchased without packaging. To ensure freshness, many products are shipped with a sticker right on them telling you the exact date your products were made along with a picture of the person who made it! Try Lush's **Toner Tabs** for a steamy beauty experience. Drop the tiny tabs into hot water and use the steam to quickly tone your face.
