

Inside Cosmetic Surgery Today – Non Invasive Plastic Surgery – Necks & Noses with Dr Lycka & Dr Yagoda

By: Dr. Barry Lycka, May 2012

Non invasive plastic surgery is very popular these days, but in one form or another has been around since the Ancient Egyptians. Discover the latest non surgical cosmetic procedures that the Ancients could never have imagined – a neck lift without surgery (aka a Trampoline Lift) and non invasive cosmetic procedures to shape the nose and give a nose lift without surgery. This week Dr. Lycka has invited **Dr. Michelle Yagoda, facial plastic surgeon from New York**, to share these beauty secrets with us. The two doctors also discuss how non surgical cosmetic procedures can be combined for greater results, and that internal health & wellness is a huge reflection on external beauty. Join us for an informative and entertaining half hour!
