NOW

TRANSFORMATION OF THE WEEK

BRIE'S FACE HAS CHANGED SO MUCH!

A Marvel to behold! Brie Larson, 30, looks a lot different than she did at 16. "It appears she had a rhinoplasty to narrow and define the tip and bridge of her nose, as well as an upper eye lift," says NYC-based plastic surgeon Dr. Michelle

Yagoda, who has not treated the *Avengers: Endgame* star. "She may also have had some fillers. Brie looks beautiful and natural – a perfect example of how subtle changes can make a dramatic difference."
